

ART BREATH

MENART FAIR BRUSSELS

f @ 

Art warms the February days in Brussels during [MENART FAIR](#) at the [Boghossian Foundation - Villa Empain](#), where an array of art galleries, will feature artworks from either the Levant, the countries of North Africa, the Gulf or Iran.

MENART FAIR founded by Laure d'Hauteville, and with Joanna Chevalier as artistic director, is an international modern and contemporary art fair focused on presenting art from the MENA region, spotlighting its impressive art, calling to our attention its diverse and rich artworks and artistic scenes.

Joanna Chevalier and Laure d'Hauteville @JulesMonnier

The fair aims for art to extend its brushstrokes, design, sculptural elements and embroidered threads across borders, as Laure d'Hauteville defines, "**beyond being a trade fair, Menart Fair tells a story, that of the art of the MENA countries.**" An art fair that "**creates bridges and allows to weave links**" conveys Joanna Chevalier.

Alongside artworks displaying and speaking on a multitude of topics, from past to current notions or matters, personal experiences and perspectives; works that visually appeal as well as stimulate thought, are roundtable discussions and a non-profit exhibiting.

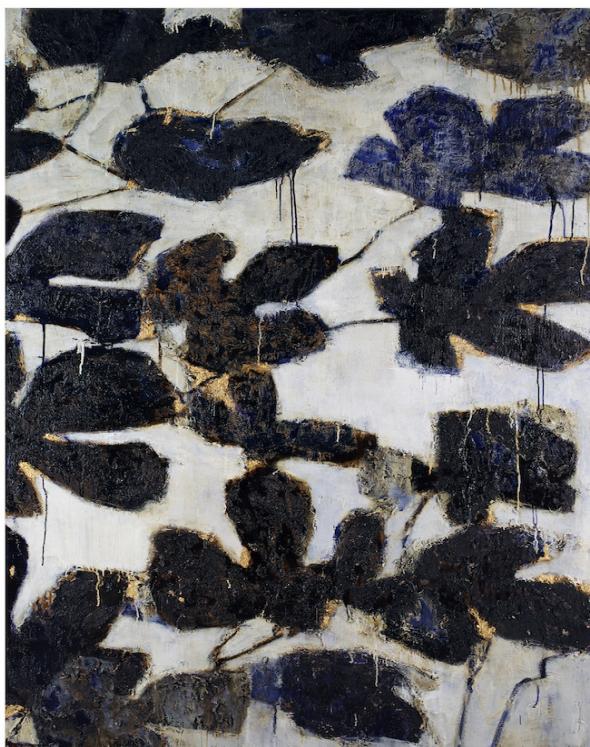

Art may aid us through difficult or troubling moments, it can inform, point us towards a variety of angles, feed our senses and emotions, and encourage connections.

Connections and art we look forward to at [MENART FAIR from the 3rd to the 5th February in Brussels at the Boghossian Foundation – Villa Empain](#). In the meantime, below are the galleries and artists with some of their enticing artworks that will be on show at MENART FAIR.

neut mères égouttante, roulent vraiment beaucoup par
l'humidité, précisément :
marins, ces châtaigniers ! Quarante-cinq hommes
épuraient bien une place pour moi, là-dessous,
douze pas, avec la scission de jeter au rebut
; il n'osait plus qu'à redouter le marin
la plus belle morte de sa vie. Et soudain
Fécompois qui appréciait de cette allure
marins ; vingt-cinq ans, regard intelligent
avec cette lassise qui est l'appui du peuple
d'athlète, boudes humes dépassant le bœuf,

deux marins se serrèrent la main : ils nourrissaient l'un
autre une estime profonde. Tout de suite Viral commença :
Je ne vous ai pas oubliés votre malheur, Monsieur Cravant
— Merci, mon petit. La sympathie d'un brave cœur fait du
monde, je ne peux plus m'y voir. Je viens cheucher de
chez nous, je ne peux plus m'y voir. Je viens cheucher de
ambuché sur un châtaigner.

Robert approuva :

— Tout le monde sait que vous êtes un fameux salaud, Monsieur
Cravant ! Vous n'avez pas de peine à trouver un bord !

— Je l'espéro... — Et toi, petit ? Toujours la marine de progrès que
Jérôme se flattait n'aurait l'accord de l'homme de progrès que
de la « sociale navigation ».

— Toujours ! Rien ne vaut un bon trésoriste, avec sa richesse
de dons ; on est payé selon sa pêche : le plus actif, touche le plus
Et un fin marchef comme toi ne peut qu'y trouver son compte !

Quand pens-tu ?
